Dear Sponsor, Hello. I want to take this opportunity to thank all of you for sponsoring my college education. I came from Tibet and my family back home couldn't help much with my education expenses. With all your kindness, I was able to pursue higher education and am now working. I hope to serve my community soon with the experiences I will gain from your current work. I am currently working with a kids wear clothing brand as a creative head of a photography team in creating contents for various ecommerce platforms,.
